

## **FACULTY SENATE MINUTES**

**November 6, 2008**

The Faculty Senate of the University of North Alabama met November 6, 2008 in the Faculty/Staff Commons of the University Center at 3:30 p.m.

President Bates called the meeting to order and recognized Dr. Thomas Coates for Senator Hall from HPER. The agenda was adopted by consent with the amendment of moving item VIII to after Item IX. The minutes for the October 9, 2008 meeting were approved.

President Cale reported that Amendment 1 passed but it is yet to be seen how it will affect the university.

Vice President for Academic Affairs Warren reported that the Task Force on Advisor Hold had given a report. He has asked each college dean to start a dialog within their college as to how they want advisor holds to be handled. He thanked the Task Force and stated that hopefully the new procedure will be implemented for the next pre-registration.

Gordon Stone from the Higher Education Partnership distributed pamphlets concerning the partnership. He stated that with the passage of Amendment 1, we probably won't have proration this year, but we must pay back the money in the next six years. Because we depend on sales tax for our funding, we lost \$150,000,000, a twelve percent cut in budget. The K-12 experienced only a three percent cut. He encouraged the faculty to get involved either thru the Higher Education Partnership or some other entity. He asked that we encourage the legislators to be accountable, reminding them that their constituents include students and faculty, and ask them what are they going to do when budget battles begin next year. Ask whether they are going to give Higher Education equitable treatment because this past year we did not receive it.

Mr. Stone stated that the way that we are going to turn this around is by building awareness. We must do everything we can do to hold legislators accountable. We must remind them that students are voters. We need to personally talk with the legislators. Get them on campus and ask the hard questions. Develop a strategic approach by having a team of leaders from every faculty senate, alumni association and SGA to set up meetings in order to meet with the legislator before, during and after the budget process. We need to understand our strength and hold these legislators accountable.

Mr. Stone stated that budgets in the coming years may not be too promising. He stated that the Higher Education Partnership is here to help. This is a year where we all need to work together.
